

Oracle ERP Solutions Tailored To Your Needs

Who We Are

As Oracle consulting and staffing specialists, Vortex Consulting delivers more – faster and smarter – to help your organization achieve its Oracle ERP goals. Founded in 1997, Vortex Consulting specializes in Oracle EBS staffing solutions and services in the US and Canada. We have a national reach of talent and provide our clients with senior-level Oracle resources who immediately contribute to the success of your project. Our consultants bring an in-depth understanding of Oracle applications and extensive implementation experience.

We are experienced Oracle consultants ourselves and know what skills are critical for a consultant to be effective and get the job done right. We listen to our customers requirements and use our experience to provide streamlined solutions and cost-effective resources who bring industry experience, motivation, and technical expertise.

Technologies*

Client Benefits

We have built our reputation by listening to our clients and supporting their Oracle enterprise needs. Here are reasons why Oracle customers choose Vortex:

Trust – We analyze our client’s project requirements and respond with solutions and resources that deliver results. We interview every candidate in detail and assess a candidate’s product knowledge, implementation experience, and communication skills. We present consultants that have the skills and background to meet our client’s needs.

Expertise – Vortex resources are well qualified and professional. Our experienced team of ERP professionals provide immediate expertise and enable our clients to rapidly build, integrate, and deploy software solutions.

Value – We deliver value by offering quality solutions and highly motivated, experienced consultants with proven skills, at competitive rates.
