Who We Are

Founded in 1997, Vortex Consulting specializes in SAP services and staffing solutions in the US and Canada. We have a national reach of talent and provide our customers quality, senior-level consulting resources who immediately contribute to the success of your project. Our consultants bring an in-depth understanding of SAP applications and extensive implementation experience.

We are experienced consultants ourselves, and know what it takes for a consultant to be effective. We work with our clients to understand their project requirements and use our experience to provide cost effective solutions and quality resources who bring industry experience, motivation, and technical expertise.

Read What Our Customers Say...

"I would highly recommend Vortex. They are professional, dedicated, and have the ability to provide resources who consistently exceed one's expectations."
**Director of IT
MSL Manufacturing**

"Without Vortex Consulting we wouldn't be where we are today with our SAP system. They are worth their weight in gold. No one knows our company or system like the consultants at Vortex"
**Director of IT
Oneida Limited**

"The screening process performed by Vortex prior to submitting candidates is extremely thorough. This minimizes the amount of time that I have to spend evaluating potential candidates."
**Project Manager,
Rich Products**

Client Benefits

We have built our reputation by listening to our clients and supporting their ERP needs. Here are reasons why SAP customers choose Vortex:

Trust – We analyze our client's project requirements and respond with solutions and resources that deliver results. We interview every candidate in detail and assess a candidate's product knowledge, implementation experience, and communication skills. We present consultants that have the skills and background to meet our client's needs.

Expertise – Vortex resources are well qualified and professional. Our experienced team of ERP professionals provide immediate expertise and enable our clients to rapidly build, integrate, and deploy software solutions.

Value – We deliver value by offering quality solutions and highly motivated, experienced consultants with proven skills, at competitive rates.
